Experience

Club Travalet   **October 2024 – Present**
Software Engineer - Frontend   *Kochi, Kerala*

- Built and maintained public website (**ClubTravalet.com**) and internal **CRM** to improve **UX** and operations.
- Led frontend development of the **flight booking system** (Amadeus & TBO APIs), completing it **within one month** in close collaboration with UX designers and backend engineers.
- Integrated **real-time notifications** using **WebSocket**, improving user engagement and responsiveness.
- Implemented **payment gateways** using **Easebuzz** and **Razorpay**, enabling secure, seamless transactions.
- Developed **Meta lead conversion module** in the CRM, helping turn social media leads into customers.
- **Working in a lean, high-impact team** where my contributions directly influence business growth.
- Built scalable, responsive interfaces using **Next.js**, **React.js**, **TypeScript**, **Tailwind CSS**, and **Zustand** while ensuring robust state management and data validation with **Zod**.

NTT Ltd   **August 2022 – July 2023**
Associate Graduate   *Chennai, Tamil Nadu*

- **Global Billing System**: Contributed to developing and maintaining a billing web application with admin and user interfaces, enhancing functionality and performance.
- Created and executed over **300** test cases using Putty and WinSCP, ensuring comprehensive testing coverage and a **25%** increase in test coverage.
- Collaborated with development teams to address and resolve **80%** of reported bugs within the scheduled timeframe, enhancing system stability by **15%**.
- Utilized **React, HTML5, CSS3, JIRA, Putty,** and **Git** for software development, testing, and project management tasks

Trinity Software Technologies   **February 2022 – August 2022**
Intern   *Trivandrum, Kerala*

- Enhanced technical skills in Frontend web development using Angular and ReactJS.
- Acquired hands-on experience in HTML5, CSS3, Bootstrap, JavaScript, and TypeScript.
- Developed and maintained responsive user interfaces using Angular and ReactJS, ensuring seamless functionality across various devices and screen sizes.
